EDUCATIONS

NIET (Noida Institute of Engineering and Technology) | Greater Noida
Bachelor of Technology (B.Tech)

Sep 2025
CGPA : 9.05

- **First Year Completed**
- 2nd Semester Result Awaited

Central Academy Senior Secondary School | Gorakhpur
Senior Secondary (Class XII)

2024 - 2025
Percentage : 83.6%

Central Academy Senior Secondary School | Gorakhpur
Secondary (Class X)

2022 - 2023
CGPA : 75.8%

WORK EXPERIENCE

Web Development Intern | Internship
CodSoft

Jun 2026 - Jul 2026
Remote • Gorakhpur

- **Portfolio Website:** Developed a personal portfolio website to showcase skills, projects, and professional information. Designed a responsive and user-friendly interface using modern web technologies, ensuring compatibility across different devices and screen sizes.
Technologies Used: HTML, CSS
- **Landing Page:** Designed and developed an attractive and responsive landing page with a clean user interface. Focused on layout design, navigation, and visual presentation to provide an engaging user experience and improve accessibility.
Technologies Used: HTML, CSS
- **Calculator:** Built a functional calculator application capable of performing basic arithmetic operations such as addition, subtraction, multiplication, and division. Implemented an interactive interface and efficient logic for accurate calculations.
Technologies Used: HTML, CSS, JavaScript

PROJECTS

Employee Management System
Team Member and Backend Manager

- Developed an **Employee Management System** using **Python** and **OOP** concepts.
 - Implemented employee record management and data handling functionalities.
 - Improved understanding of software design and database integration.
- Technologies / Tools Used : Python, OOP*

Password Strength Checker
Team Member and UX Designer

- Created a **Python-based application** to evaluate **password strength**.
 - Implemented validation rules based on security standards.
 - Provided real-time feedback for stronger password creation.
- Technologies / Tools Used : Python, Node.js*

Library Management System
Individual Project

- Designed a system to manage books, issue records, and user information.
- Applied **OOP principles** for better modularity and maintainability.

Event Entry Gate Management System
Individual Project

- Developed a system for managing event attendee entries and records.
- Automated entry tracking and data organization processes.

SKILLS

Databases :	MySQL, SQLite
Languages :	Hindi, English, French
Programming Languages :	Python, C, C++, SQL
Soft Skills :	Problem Solving, Team Collaboration, Quick Learner, Time Management, Adaptability
Tools & Platforms :	MySQL, HTML, CSS, Tkinter

ACADEMIC ACTIVITIES

- Participated in Hackathons and coding-related events.
- Actively involved in learning programming and software development concepts.
- Continuously exploring AI and Web Development technologies.
